

Nursing - Registered Nurse, AAS

Nursing is a rewarding and challenging career with an optimistic employment future. JCCC's registered nurse program is fully accredited by the Accreditation Commission for Education in Nursing (ACEN) and Kansas State Board of Nursing. It is designed with the assistance of a community advisory committee composed of men and women who work in the nursing health care fields and are aware of the requirements for a successful nursing career. Our faculty are well qualified and experienced in the practice and teaching of nursing.

Students receive clinical practice in a variety of settings, including hospitals, long-term care facilities and clinics. Experiences are offered in maternal child nursing, pediatric nursing, operating room nursing, medical-surgical nursing, mental health nursing and gerontology.

A registered nurse with an associate's degree is a skilled health care provider who administers nursing care directly to patients and their families in a variety of settings. The job outlook is very positive. Employment of registered nurses is expected to grow faster than the average for all occupations.

The nursing program is a selective admission program with limited enrollment. Prospective students are encouraged to attend group information sessions (<http://www.jccc.edu/academics/health/registered-nurse/nursing-information-sessions.html>). Visit the program website or contact JCCC Program personnel for additional information and application materials at 913-469-3157.

Students must earn a grade of "C" or higher in all coursework.

LPN to RN Bridge:

The LPN to RN bridge option provides those licensed practical nurses wanting to become registered nurses the opportunity to do so. Admission to the registered nursing program is based on a selective admission process. LPN to RN Transition students are required to complete the prerequisite and general education courses of the first two semesters of the nursing program before taking NURS 125 Health Assessment in Nursing and NURS 175 Concepts of Nursing Care: PN to RN Transition courses in the summer semester prior to the second year of the program. Successful completion of (those two courses) is required before advanced standing credits for NURS 100 Concepts of Nursing Care: Foundations and NURS 150 Concepts of Nursing Care: Childbearing Family and Children will be granted. LPN students should contact the nursing program for details.

(Major Code 235A; State CIP Code 51.3801)

- Registered Nurse (RN) (<http://www.jccc.edu/academics/health/registered-nurse>)

Associate of Applied Science Degree

Note: Current Kansas CNA certification and current AHA Health Care Providers CPR Certification (may be satisfied with EMS 121) is required for application to the nursing program.

Program Prerequisites

CHEM 122	Principles of Chemistry*	5
MATH 171	College Algebra*	3
BIOL 144 or BIOL 140 & BIOL 225	Human Anatomy and Physiology* Human Anatomy and Human Physiology*	5-8

Total Hours **13-16**

First Semester

NURS 100	Concepts of Nursing Care: Foundations	8
PSYC 130	Introduction to Psychology	3
NURS 125	Health Assessment in Nursing	3

Total Hours **14**

Second Semester

NURS 150	Concepts of Nursing Care: Childbearing Family and Children	8
PSYC 218	Human Development*	3
ENGL 121	Composition I*	3

Total Hours **14**

Third Semester

NURS 200	Concepts of Nursing Care: Adult Health Alterations	10
BIOL 230	Microbiology*	3
BIOL 231	Microbiology Lab*	2
Communications Elective ^		3
Note: ENGL 122 is recommended		

Total Hours **18**

^ See all AAS general education electives (<http://catalog.jccc.edu/degreerequirements/associate-applied-science>)

Fourth Semester

NURS 225	Concepts of Nursing Care: Complex Patient Care Management	10
Humanities Elective ^		3
Health and/or Physical Education Elective ^		1
Note: EMS 121 will satisfy the HPER requirement		

Total Hours **14**

^ See all AAS general education electives (<http://catalog.jccc.edu/degreerequirements/associate-applied-science>)

Total Program Hours 73-76
