

Associate of Arts with Emphasis in Administration of Justice

The Administration of Justice program offers courses which reflect a balanced approach to the criminal justice system. Courses in law enforcement, the courts, and corrections are available. This program prepares students to become a criminal justice professional or transition to a four-year degree. A full range of elective courses offer the student an ability to explore individual interests. The ADMJ faculty members are all experienced in an area of the criminal justice system; they bring real-world expertise to the classroom.

Important: Students graduating with an Administration of Justice degree must complete an approved **cultural diversity** course. Some of the approved courses are able to meet both the cultural diversity requirement and a general education requirement. A list of approved **cultural diversity** courses can be found in the list of AA general education electives (<http://catalog.jccc.edu/degreerequirements/associate-arts>).
