Computer-Aided Drafting and Design Technology, AAS

Drafting technicians are engineering communication specialists who apply mathematics, computer applications and manual skills to develop specifications and drawings for the manufacturing and construction of virtually everything made in the world. JCCC's drafting technology program offers students up-to-date equipment in facilities located in the Industrial Training Center on the JCCC campus. In addition, the program offers departmental specialty courses. The program provides students with the skills necessary to produce detailed shop drawings, land plats, erection drawings and designs for manufacturing, building, production, commercial building and site construction as well as detailed drawings and designs of components, assemblies and systems used in manufactured products.

Industrial growth and increasingly complex design problems will greatly increase the demand for design and drafting services, particularly using CAD equipment. Employers are most interested in applicants with drafting and mechanical skills, a background in CAD techniques and courses in math, science and engineering technology.

The two-year curriculum enables students to use the latest computer-aided design equipment. Course projects and laboratory procedures are similar to those used in industry.

An associate of applied science degree is awarded upon the successful completion of 64 credit hours.

(Major Code 2220; State CIP Code 15.1302)

Associate of Applied Science Degree

First Semester

Total Hours		15
DRAF 230	Intermediate CAD: AutoCAD*	3
DRAF 129	Interpreting Architectural Drawings	2
DRAF 123	Interpreting Machine Drawings*	2
Second Eight Week Sessio	n	
DRAF 130	Introduction to CAD Concepts - AutoCAD*	3
DRAF 120	Introduction to Drafting	2
First Eight Week Session		
or MATH 171	College Algebra*	
MATH 130	Technical Mathematics I*	3
Full Semester Course		

Second Semester

Total Hours		16
DRAF 245	Advanced Parametric Design: Inventor*	2
Second Eight Week Session		
DRAF 145	Introduction to Parametric Design: Inventor*	2
First Eight Week Session		
Humanities Elective ^		3
or MATH 172	Trigonometry*	
MATH 131	Technical Mathematics II*	3
ENGL 121	Composition I*	3
DRAF 135	Graphic Analysis*	3
Full Semester Courses		

Third Semester

Full Semester Courses		
DRAF 222	Mechanical Design and Drafting*	3
DRAF 225	Civil Drafting*	3

1

Total Hours		15
DRAF 244	Civil 3D*	2
DRAF 243	Advanced BIM: Revit*	2
Second Eight Week Session	on	
DRAF 143	Introduction to BIM Building Information Modeling*	2
First Eight Week Session		
or ENGL 122	Composition II*	
ENGL 123	Technical Writing I*	3

Fourth Semester

Technical Electives (see below)		4
DRAF 211	Engineering Design Problems*	3
DRAF 238	Architectural Design and Drafting*	3
DRAF 246	MicroStation for AutoCAD users*	2
DRAF 252	Structural Design and Drafting*	3
Social Science and/or Economics Elective ^		3
Total Hours		18

Total Hours

^ See all AAS general education electives (http://catalog.jccc.edu/degreerequirements/associate-applied-science/)

Total Program Hours: 64 Technical Electives

Construction Methods	3
Green Building Fundamentals*	3
Workplace Skills	1
3D Modeling with SketchUp	2
3D Printing	2
Revit Systems MEP (Mechanical, Electrical, Plumbing)*	2
Drafting Internship I*	3
Drafting Internship II*	3
	Green Building Fundamentals* Workplace Skills 3D Modeling with SketchUp 3D Printing Revit Systems MEP (Mechanical, Electrical, Plumbing)* Drafting Internship I*
