

## Elementary Education, AA

---

The transfer degree provides a pathway from any Kansas public community college offering the degree to any Kansas public university for individuals desiring to become licensed as a PK-6 elementary teacher. The pathway identifies courses/credit hours to be taken at the community college level and reflects the Kansas Board of Regents (KBOR) General Education framework (<https://www.jccc.edu/student-resources/transfer/kbor-systemwide-general-education.html>) and recommended education coursework.

These courses/credit hours transfer to any KBOR university as the first sixty hours toward a 120-hour PK-6 Elementary Education program degree. The remaining sixty hours at KBOR universities are the required courses to complete the PK-6 Elementary Education degree.
