

Emergency Medical Technician Certificate

This certificate program is designed for individuals interested in providing medical care to patients in the pre-hospital setting and prepares the student to enter the workforce as a trained and certified Emergency Medical Technician. Successful graduates (earning a "C" or higher) of this Kansas Board of Emergency Medical Services (BEMS) course are eligible to take the Kansas State and national credential examinations.

(Major Code 4760; CIP 51.0904)

Program Learning Outcomes

Johnson County Community College (JCCC) is committed to offering high-quality affordable programs that focus on developing knowledge and skills conducive to life-long learning. Both the General Education Student Learning Outcomes (<https://www.jccc.edu/about/leadership-governance/administration/institutional-effectiveness-branch/outcomes-assessment/learning-outcomes.html>) and Institutional Learning Outcomes (<https://www.jccc.edu/about/leadership-governance/administration/institutional-effectiveness-branch/outcomes-assessment/institutional-learning-outcomes.html>) convey JCCC's approach to programmatic outcomes. Additionally, students who successfully complete the Emergency Medical Technician Certificate from JCCC will be able to:

- Assess patients, identify life-threatening conditions, and provide basic emergency care.
- Perform essential EMS skills safely and effectively.
- Manage airway, breathing, and circulation using basic tools and techniques.
- Communicate clearly with patients, team members, and healthcare professionals.
- Document patient assessments and care accurately.
- Make decisions based on assessment findings and EMS protocols.
- Work as part of a team during emergency situations.
- Act professionally, showing respect, empathy, and ethical behavior.
- Ensure their safety, the safety of the patient, and the safety of others.
- Adapt to changing situations and respond effectively under stress.
