Program Description

The Associate of Arts (AA) (<https://catalog.jccc.edu/archives/2025-26/degree-requirements/associate-arts/>) degree is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the AA may select courses that satisfy both the AA degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the AA allow students to complete additional general education and lower division courses required for specific majors. The AA degree requires completion of 60 credit hours. Meeting with a JCCC counselor (<https://www.jccc.edu/student-resources/counseling/academic-counseling/>) is strongly recommended for selection of appropriate courses.

The W.R. and Yvonne Robbins College of Business and Entrepreneurship offers a Bachelor of Business Administration degree with an Accounting major and an Accounting major with a Public Accounting concentration.
