

Palmer College of Chiropractic

Want to help people improve their quality of life without drugs or surgery? Us, too. At Palmer College of Chiropractic, you're on the frontier of collaborative, patient-centered health care using integrative, multidisciplinary approaches to wellness. That philosophy is what the college has built itself on since 1897 – the first and largest chiropractic college in the world. You'll find excellence in teaching and real-world chiropractic preparation from faculty and staff that are focused on your success.
