### Program Description

The BSBA in Business Administration is offered on campus as well as online. On campus students must choose an emphasis area, visit emphasis areas (<https://catalog.missouri.edu/collegeofbusiness/businessadministration/#undergraduatetext>) for degree requirements. Online students do not select an emphasis area unless they were previously in the on-campus program and completed all requirements for their emphasis prior to switching into the online program.

**Degree Program Description** - In the Trulaske College of Business students are either in the lower level (undeclared) or the upper level (admitted to an emphasis area). Students entering the Trulaske College of Business enter the lower level while they take University general education and business preparation courses. The first two years of all business programs (except international business and accounting) involve the same course sequences. A student typically applies to the upper level at the end of the sophomore year or the beginning of the junior year.

**Major Program Requirements** - The BSBA has an On-Campus delivery option, as well as an Online option. Requirements differ slightly. Refer to the applicable list of requirements below.

**On-Campus - Major Core Requirements** - A student may count a maximum of 54 credits in their emphasis area to meet the 120-credit requirement for the undergraduate degree. Requirements above and beyond general education requirements are listed under upper-level admission courses.
