Program Description

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours; please see JCCC A.A. degree requirements (<https://catalog.jccc.edu/degree/requirements/associate-arts/>). Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

The Bachelor of Science degree with a major in Business, also requires that students must choose one area of emphasis: Finance, Healthcare Management, Management, Marketing and Sports Management at William Jewell College.

A minimum of 124 credit hours are required for the BS in Business at William Jewell College. The maximum amount of credit toward the 124 credit hours required for the BS degree that a student may apply in one subject matter field is 60 hours and a student must have 64 hours outside the one subject matter field that can be counted toward graduation. The William Jewell College residency requirement is 45 hours, the last 30 hours must be taken at William Jewell College and 16 hours (with a grade of "C-" or better) in any major.

1. Please note: the major in Business with an emphasis in Management at William Jewell College has a fully online option for approved transfer students who have completed an associate degree, who have been admitted specifically for the online program and who have completed work previously that can be used to meet certain requirements of the major and of the core curriculum.

The following guidelines and policies apply to undergraduate transfer of credit to William Jewell College:

- Credit will be considered for transfer to William Jewell College, and for potential use toward a degree from William Jewell College, only for courses that are consistent with the curriculum of the College and on which the student has earned grades of "C-" or higher.
- Up to two hours of credit will be granted, and recorded as transfer credit of physical activities, upon the receipt of an official military transcript showing successful completion of basic military training. No other credit will be awarded on the basis of a military transcript or on the basis of experiential learning.

- The final determination concerning whether credit is transferable is made by the College Registrar, who may consult with department chairs. The student may provide additional materials (descriptions, syllabi, assignments, etc.) from courses whose transferability is questioned.
- A minimum of 45 semester hours, aside from any courses that are graded pass/fail, must be completed in residence at William Jewell, including at least 16 hours (with a grade of "C-" or better) in any major and at least 9 hours (with a grade of "C-" or better) in any minor, by any student who intends to earn a degree from the College.
